August 6, 2009

Dear ACE Student & Parent/Guardian,

We want to welcome you back as we look forward to your return to the ACE Academy of Architecture, Construction, & Engineering in September. The coming school year will expand on the skills and opportunities you experienced during your first year at ACE. We will continue to provide opportunities to help you meet your educational goals using a hands-on, challenging, industry-supported curriculum.

Approximately 190 ACE students will be attending this fall from Centennial, Gresham, Parkrose, Reynolds, Sam Barlow, Sandy, Springwater Trail and other area high schools. One big change this year will be to our schedule. This year, we have some students attending either 'A' days or 'B' days, as well as students attending each day, either in the morning or the afternoon. We are working with your home high school to accommodate your individual schedule to work with our program.

We are looking forward to an outstanding year. Your instructors have once again planned activities and projects to assist you with achieving industry standards in your program area. Our goal is to prepare you for a bright future as you complete your high school education.

Enclosed is updated information that will assist you as you anticipate beginning your second year at ACE. Additional information will be mailed to you in late August. Please check our website as we will be regularly updating information:

www.acecharterschool.org

If you have any questions, please give us a call.

Have a wonderful summer!

Sincerely,

Michael L. Taylor
Director
